# **Interim Director Report**

## October 2022

## **Budget/Finances**

.02 Building & Maintenance Levy: The levy will an agenda item at this months meeting.

I feel that I am just getting a full grasp and control over the monthly bills. I'm fairly certain I have found all of the library's regular vendors. I want to take another look at the budget and determine if there needs to be an amendment of the budget in the coming months to better reflect where we are spending our monies and if anything needs to be reallocated.

## **Community Engagement:**

The Mexican Consulate appointments went swimmingly. We had over 900 people enter the library for appointments, with may using the computers, getting library cards and checking items out.

## Hours

We have sat down and discussed adding additional hours so that we are open 10-7 Monday – Thursday. Given that we are still down staff, it is not feasible until we hire the new Head of Information Services and at least one library assistant. We don't have the bodies for coverage.

We are evaluating this consistently and we will be adding more hours as soon as we get more people.

# Facility

I have asked the elevator company to give me a quote to replace the elevator in the Carnegie side. It is being repaired monthly, for more than \$1000 each time. It will be expensive to replace, however it is so old that many parts are obsolete. It is something that will need to be planned for in the not so distant future.

## IMRF Audit:

The IMRF audit has been completed and there are 6 pages of compliance issues that I must address. Notably, there were staff who have been IMRF eligible (meaning they worked more than 1000/annually) and should have been entered into IMRF by Ms Zaabel as soon as they hit the 1000 mark. For one employee, I need to go back several years on non-compliance, for 2 others, just a year back. Also, all the bonuses' staff received over the years are reportable to IMRF and I must go back and report those for any staff who were IMRF eligible.

Once I have complied with all the recommendations there will be some adjustments that will require us to pay into IMRF for those years of non-compliance. I am not sure of the amount at this time. I will know once I finish the work.

# Staff

Daniela Martinez is busy interviewing for library assistants and Nydia Robinson is seeking 2 additional circ clerks. I have been soliciting resumes for Head of Information Services.

# Sick Leave

Maywood Public Library District provides regular, full-time and part-time employees paid time off in the event of the employee's own illness, injury or scheduled medical or dental appointments, or in the event of the employee's qualified family member's illness, injury or scheduled medical or dental appointments.

A qualified family member includes an employee's biological child, step-child, adopted child, foster child, legal ward child, grandchild or any other child in loco parentis, spouse, domestic partner, sibling, parent or step-parent, mother-in-law or father-in-law, and grandparent.

Full-time employees shall accrue 7.5 hours (1 day) of sick leave per month, up to a maximum accumulation of 240 days per IMRF retirement policies. Part-time employees shall accrue 4 hours of sick leave per month, up to a maximum accumulation of 240 days. Employees who have accrued the maximum of 240 days may not accrue beyond the 240-day maximum

Sick leave will be paid in increments based on the hours for which the employee was scheduled to work. Sick leave may also be requested in 1-hour increments for the purposes of allowing employees to attend their medical/dental appointments, pick up prescriptions and/or take care of any other medically related needs pertaining to aforementioned persons identified above.

In order for the employee to receive compensation while on sick leave, the employee must notify their immediate supervisor prior to the hour stated for beginning their daily duties. If sudden illness makes it impossible for an employee to request sick leave one (1) hour before their daily duties, the employee must notify their supervisor as soon as reasonably practicable, but ordinarily with one (1) hour after their scheduled start time.

For sick leave more than three (3) consecutive business days, or frequent absences claimed as sick days, the employee may be required to provide written verification from a licensed medical doctor to the effect the illness or injury involved was sufficient to justify the employee's absence from work and certifying also the employee is medically fit to return to work. If an employee does not provide appropriate medical documentation, the employee will not be allowed to return to work, and such time off will

be considered unpaid leave of absence subject to the terms and conditions of this policy. Employees absent for three (3) consecutive days without notifying their supervisor will be considered to have voluntarily resigned.

Any illness that occurs during an employee's scheduled vacation or on a designated holiday is considered holiday or vacation time and not sick leave.

No compensation will be paid for unused sick days at the end of an employee's employment. Illinois Municipal Retirement Fund (IMRF) eligible employees may credit unused sick leave toward service time for retirement in accordance with IMRF rules and regulations.

No sick leave is accrued by an employee on an unpaid leave of absence.

Any employee receiving compensation under the Worker's Compensation Law is not eligible for sick benefits for the same incident or absence.

#### **NEW POLICY Vacation**

Maywood Public Library District provides regular, full-time and part-time employees paid vacation leave benefits. Vacation time is calculated on calendar year according to the schedule below. Benefit-eligible employees accrue paid vacation each pay period in which they work, take approved paid time off<sub>7</sub> or take approved unpaid FMLA.

To schedule vacation time, employees must submit a completed leave form to their supervisor at least two (2) weeks before the requested leave period. Employees must ensure they have enough accrued leave available to cover the dates requested. Requests will be approved based on several factors, including but not limited to department operating and staffing requirements. If vacation requests conflict within a department and departmental operations are such that the conflicting parties cannot be spared at the same time, the department manager shall decide the issue on the basis of seniority and/or skill needs. The supervisor shall return the leave request to the employee within three (3) business dates from submission indicating whether the request was approved or denied. If denied, the supervisor shall provide an appropriate reason on the form returned to the employee.

Employees are encouraged to use vacation time in the calendar year in which it accrues and are permitted to take up to two weeks of vacation at one time. Vacation requests over two weeks must be approved, in writing by the library director.

One week (5 days) of unused vacation may be carried over into the following year. Carry over of over five (5) days must be requested and approved by the library director in writing. Any unused vacation time in excess of the carry-over five (5) day maximum or library director approved amount will be lost at the end of the calendar year. Unused vacation time will be paid out upon termination of employment from the library.

Employees will not accrue vacation time during unpaid leaves of absence, except for approved FMLA or ADA leaves of absence.

The vacation time award is as follows:

<u>Director:</u> Upon hire, the Director receives 20 vacation days. After 5 years, a day for each year of additional employment will accrue (25 days at 10 years, 30 days at 15-years). A maximum of 30 vacation days can be earned. **Commented [KP1]:** Not sure what board thinks of the 5 day carryover or go with use it or lose it for new staff who are hired.

MPLD approved and adopted

- <u>Managers/Supervisors:</u> Upon hire, a Manager/Supervisor receives 15 vacation days. After 5 years, a day for each year of additional employment will accrue (20 days at 10 years, 25 days at 15 years). A maximum of 25 vacation days can be earned.
- <u>Full-Time Staff:</u> Upon hire, Full-Time staff receives 10 vacation days. After 5 years, a day for each year of additional employment will accrue (15 days at 10 years, 20 days at 15 years). A maximum of 20 vacation days can be earned.
- Part Time Staff: Vacation is calculated on the average hours an employee worked in their previous calendar year and is awarded in hours. A new employee's vacation time is based on the average hours worked in an average week. Calendar year is January1–December 31. Calculation is as follows:
  Total number of hours worked annually ÷ 52 = average weekly hours. After 5 years, 5 more hours for each additional year of employment will accrue (an additional 25 hours at 10 years, an additional 50 hours at 15 years).

A maximum of 50 additional hours can be earned.

Vacation for new employees will be awarded after 180 days of employment, on a prorated basis. Proration will be calculated on 26 weeks in lieu of 52.

Employees who change status from regular part-time to full-time or from full-time to regular part-time begin accruing at the new rate on the effective date of the change. Years of service accumulated during regular part-time status will count towards vacation eligibility if the employee changes status to full-time

Vacation is paid at the employee's rate of pay in effect at the time the employee uses the vacation time. Vacation time is paid leave. Staff may not work and collect vacation pay at the same time. There will be no cash reimbursement instead of taking paid leave. Payment for accrued but unused vacation will be made to employees who separate employment from the library.

Employees hired prior to the passage of this policy shall not forfeit any accrued vacation time. However, said employees shall not accrue additional vacation time until their previously accrued time is at one (1) week at which point said employees will receive vacation time under the new policy.

This policy replaces any prior vacation policies approved by the Board of Trustees.

The policy is in force immediately after board approval and is subject to change from time to time. Nothing in this policy creates an employment contract or any promise of continued employment.

MPLD approved and adopted

#### FOR REVIEW Current Policy

#### VII. Vacation

- A. All full-time staff members shall earn vacation credit at the rate of ten working days per year. After five years of employment, the rate will be 15 working days per year; after ten years, the rate will be 20 days per year.
- B. The Library Director shall earn vacation credits at the rate of 20 working days per year.
- C. In addition to vacation days, full-time staff members hired prior to July 1, 2016 shall earn 3 days of leave per year, not cumulative, for personal business. This day cannot be taken before or after a vacation day or holiday.
- D. Full-time staff members shall have their birthday or a day of their choosing as a paid leave day, not cumulative.
- E. Vacation credits may not be accrued in excess of twenty-five days without prior approval of the Library Director. The Library Director shall schedule vacations to meet the needs of the Library and, insofar as possible, the staff member.

# SECRETARY'S CERTIFICATE

I, John Rice, the duly qualified and acting Secretary of the Board of Library Trustees of

the Maywood Public Library District, Cook County, Illinois and the keeper of the records

thereof, do hereby certify that attached hereto is a true and correct copy of an

Ordinance entitled:

# ORDINANCE AUTHORIZING THE LEVY OF AN ADDITIONAL TAX FOR MAINTENANCE REPAIRS AND ALTERATION OF THE LIBRARY BUILDING AND EQUIPMENT

Adopted at a regular meeting of the Board of Trustees held on the 19<sup>th</sup> day of October

2022.

IN WITNESS WHEREOF, I have hereunto set my hand this 19th day of October, 2022.

John Rice, Secretary

#### ORDINANCE 2022-03

# ORDINANCE AUTHORIZING LEVY OF AN ADDITIONAL TAX FOR THE MAINTENANCE REPAIRS AND ALTERATION OF THE LIBRARY BUIDLING AND EQUIPMENT

**WHEREAS**, ss35-5 of the Public Library District Act of 1991 (75 ILCS 16/35/5) authorizes the levy of an additional tax of .02% of the value of all taxable property in the District, as equalized or assessed by the Department of Revenue for the maintenance, repairs and alterations of the Library building and equipment.

**NOW, THEREFORE,** BE IT ORDAINED BY THE Board of Library Trustees of the MAYWOOD PUBLIC LIBRARY DISTRICT, Cook County, Illinois, that it hereby determines to levy an additional tax of .02% of the value of all taxable property in the District, as equalized and assessed by the Department of Revenue for the maintenance, repairs, and alterations of the Library building and equipment.

**BE IT FURTHER ORDAINED** that within fifteen (15) days after the adoption of this Ordinance, the Secretary shall publish it at least once in one or more newspapers published in the District, or if no newspaper is published therein, then in one or more newspapers with a general circulation within the District.

**BE IT FURTHER ORDAINED** that if no petition is filed with the Board of Library Trustees by November 19, 2022 thirty (30) days after the aforesaid publication, the District shall then proceed with the levy of said additional tax. However, if within the thirty (30) day period, a petition is filed with the Board of Library Trustees, signed by electors of the District equal in number to 760 or more of the electors (being 10% or more of the registered voters of the Library District) in the Library District, asking that the question of levying such a .02% tax be submitted to the electors of the District, the question shall be submitted at the end of the consolidated election. If a majority of votes cast upon the question are in favor thereof, the Board of Library Trustees may levy an additional tax. The Secretary of the District shall provide a petition form to any individual requesting one.

**ADOPTED** and effective the 19<sup>th</sup> day of October, 2022 pursuant to a roll call vote as follows:

## Youth Services Report September 2022

## **Overview**:

Even though summer has left and fall has made its gracious presence, September still brought in the heat for the Youth Services Department! We've experienced an increase of patron participation in both programs and visitation. There were many days that patrons were coming in to just hang out, which was wonderful to see.

September has really motivated people to come back in. Throughout the month, I've had more drop-ins for programs than the previous months combined. For each program, I've had around 5-8 participants come in to attend our events that weren't registered for it. I do want to credit the increase of outreach events I've attended in August and September. These outreach events really allow us to connect with our community on a personal level outside the physical walls. Additionally, I've noticed that patrons have eagerly invited family members, friends, or neighbors to our programs. Thus, it can be assumed that these patrons have given us more shout outs because of their content with our services. In my program breakdown, I will describe with more detail how each one went.

As for the department, we are undergoing a lot of change. We've been working on making the YS floor much more colorful, organized, and inviting to our Maywood community. First, we've been displaying projects created by kids in our crafty afternoons on our walls. The display is called "Our Craft Artist" and can be found toward the middle of the floor. Second, we've already completed the beginning phase of our shifting project. This project's goal is to take inventory, shelf read, and review the books that are on our floor. Before, there were a lot of inconsistencies: missing books, incorrect shelving, and cataloging errors. With this project, I hope we can have a concise collection on our shelves that reflect the status of the catalog. Next, a little shout out to our staff member, Kiara! Because of her incredible art skill, we've started to paint carts with iconic book characters! Painting these carts will create a fun way to teach children on where to place books they will not check out back on the carts, instead of putting them back on the shelf. We are really trying to make sure we have a well-organized floor.

## Programs:

- 1. Anime Club: Saturday, September 3<sup>rd</sup> @ 3:00 PM
  - a. This fall, for the first time, we launched an Anime Club. This club meets the first Saturday of the month, and is recommended for those who love anything anime. Our goal for this club is to not only dive into a popular community, but to also have this community participant with the MPLD. The club's main purpose is to help cultivate our manga collection. Each month, after their activity, the club as a whole must suggest different manga titles, debate, and vote on which one should be bought next. It is really fun to watch them passionately argue which book is more important! This month, we had 4 members. We talked about different manga and anime we enjoyed watching.
- 2. Toddler Storytime: Tuesday, September 6<sup>th</sup> @ 11:30 AM & Tuesday, September 20<sup>th</sup> @ 11:30 AM
  - a. This story time is designed for young children and families to listen to stories, sing songs, and learn new subjects each time. For both stories, I incorporated some Spanish words throughout to familiarize our toddlers with the language. The stories were all about the weather! With the help of our flannel board, we played a game of "Name that weather" were kids had to guess the weather as fast as they could. It was incredible how excited they were to answer, even if they were a little off. I do want to note that we've seen in increase of families coming in with younger babies. If the trend continues, I plan to start our baby story times.

# 3. Crafty Afternoons:

- **a.** 7th: With coffee filters, markers, and some water we made tie-dye butterflies. Each kid got 4 filters to make designs and placed them in a cup of water. After some time, the ink from the markers started to move upward. This was an easy and clear way to introduce children to displacement. It was a nice and easy science experiment.
- **b.** 14th: Pica Papel: Since it is the start of Hispanic Heritage Month, we taught the kids on the art of pica papel! They got the opportunity to make different shapes and designs with different kinds of paper: cardstock, tissue, construction, origami, and regular printer paper. The kids made multiple ones and left some for our department to display. Right now, you can find the pica papel hanging from our middle 3 pillars! Take a look!
- c. 21st: Open Craft (Adult and Kids): This craft was extremely busy! This was the first program I ran where it was split. This open craft session consisted of both adults and kids. On one side, kids were allowed to make journals, paint a small painting, create slime, or kinetic sand. On the other, adults were able to make wreaths, a flower vase, signs, or journals. Majority of patrons were able to do it on their own, but the little ones were eager to show off their creations. Overall, this program is a great way for families to have a space where they can spend time together and be creative!
- **d.** 28th: Step-by-step Spider Painting: This craft was ran by Kiara! She gave the kids step-by step instructions on how to paint a spider! The kids had a lot of fun learning how to make a spider, and the spiders can be found on "Our Crafty Artist" wall! On this date, I was at Irving Middle School for a High School Resource Fair event we were invited to.
- 4. Lego Club: Saturday, September 10<sup>th</sup> @ 3:00 PM
  - a. For this club session, the kids had free play with the Legos. As a result, we had the kids create 2 different kingdoms: the Blue Kingdom and the Pink Kingdom! Please take a look at the YS front desk.
- 5. Preschool Storytime: Monday, September 12<sup>th</sup> @ 11:30 AM
  - **a.** Preschool story times are always a fun time. We've maintained a following of various daycares and preschools to come and hear our stories.
- 6. Bilingual Storytime: Saturday, September 17<sup>th</sup> @ 12:00 PM & Wednesday, September 28<sup>th</sup> @ 4:30 PM
  - **a.** It's Hispanic Heritage month! To acknowledge and celebrate, we hosted 2 bilingual story times where we sang songs in both languages, learned our colors, and how to count to 10! It was so much fun, especially because for this story time, we had a dance break in the end.
- 7. #BookTalk: Thursday, September 22<sup>nd</sup> @ 3:00 PM
  - a. What's a library without a book club? Thursday was our first ever #BookTalk meeting! The goal is to give patrons an opportunity to discuss and talk with other book or story lovers about different things they read. It is a very loose type of book club because we won't be always reading different novels. We only had 2 participants, but I hope with more promotion, this club can be a great hit!
- 8. Table Top Trouble: Saturday, September 24<sup>th</sup> @ 3:30 PM
  - **a.** Sometime people want to play board games! Since we had multiple families ask for some board games, we decided to create Table Top Trouble. This day allows patrons to play all the board games available at our library. This is a passive program, and will occur once a month.

## **Outreach & Community:**

**1.** Hispanic Heritage Month Celebration @ WDLA: Thursday, September 22<sup>nd</sup> @ 4:00 PM-5:30 PM

- a. This Celebration was the kick off to District 89's string of Family Nights at the District. At this event, I spoke to more than 110 families on what's going on at our library! I handed out flyers, newsletters, fake tattoos, and more. At this visitation, I was able to connect with Mike Rudolph, a Senior Outreach Coordinator at Riveredge Hospital. We started discussing about big events that each of our organization host, to where I mentioned *Letters to Santa*. Mike was very interested, and I explained what it is that we do. After I explained that the library gives kids gifts from Santa, Mike proposed that Riveredge Hospital would love to partner with the library to expand the gifts we give! I was delighted to hear and very much agreed. I will be following up with him shortly. The library will also be donating some of their withdrawn books to Riveredge Hospital for their inpatient library.
- Mexican Consulate: Consulado Sobre Ruedas (Consulado Mobil): Tuesday, September 27th- Saturday, October 1<sup>st</sup>
  - a. As mentioned in my report in August, I was finally able to make a connection with the consulate and partnered with them to host the very popular Consulado Mobil at our library! Again, The Consulado Sobre Ruedas is an equivalent to the DMV, but it is where Mexican citizens can obtain official documents such as birth certificates, passports, voter licenses, and more. Since it is extremely difficult for people to acquire an appointment, and it is something that is highly sought out by the community, having them at our library was a great way to give our community access to this resource. I am very proud to announce that having them here was a huge success! In the span of one week, the MPLD saw more than 900+ people! The people who came into the library were physically in awe by how beautiful the building was, and eagerly

explained how happy they were to have an appointment here. The visitors were not reluctant to tell how long they waited or how far they have driven. We even had people that live in Indiana drive here! The Consulate team was such a delight too! Everything was located on the 3<sup>rd</sup> floor, and when the team arrived on Tuesday, they got straight to work. The 3<sup>rd</sup> floor was turned into what a DMV looks like in minutes. To recap, the Consulate was here on Tuesday (10:30 AM-3:00 PM), Wednesday through Friday (8:00 AM-3:00 PM), and Saturday (8:00 AM-1:30 PM). However, the end time just reflected the last appointment time that was available. Some days, they stayed until 4:30 PM. The first appointment for the entire week was at 10:30 AM, but by 9:00 AM, we already had a line forming in front of our doors. As soon as the consulate was ready and began accepting people, the crowd did not stop coming in. The leader, Luis, informed me that they space worked really well, and appreciated how well the library staff accommodate to their needs. Luis also stated the Consulate recognized that this was their first time ever to come to the town of Maywood. They were really happy to be here, and they stated

that they would love to come back. It is so hard to hold in my content for how well this partnership went. It was wonderful to be able to provide a service to our Maywood community that they really needed. We even had people acquire library cards right after they came down from their appointment. I am very proud of this partnership.

## 3. High School Resource Fair @ Irving Middle School:

a. Irving Middle School hosted their annual high school resource fair for their graduating 8<sup>th</sup> graders. At this fair, I talked with 70+ families on what resources the library has for them. It was also so nice to be able to make a connection with Simone, an Outreach Coordinator from IMSA. I'm hoping we can create collaboration were IMSA can host some STEAM nights here for our patrons.

## Webinars/Professional Development:

- 1. Booklist Webinars: Trending Titles for Back to School: Wednesday, September 14<sup>th</sup> @ 1:00 PM
  - **a.** OverDrive's Digital Content Librarians discussed current content trends, highlighted their favorite titles from the sale, and shared best practices for increasing user engagement of a digital collection. It was very insightful to learn different tips on how to promote our current digital collection to our patrons.

#### **Other Notes:**

On September 27<sup>th</sup>m 2022, I became the Passport Manager for our MPLD! This means I am in charge of passport services and inquires. At the same time, I also want to announce that our passport team is planning on expanding. By the end of the month of October, my goal is for us to have 6 passport agents on site. With this expansion, we are planning on patrons not needing appointments to get passports, they can just walk in. We will have 4 bilingual passport agents as well.

Next, I want to make aware of our Google rating. Our Google rating has gone up within the last month! We have been getting a lot of positive review from people who have visited our library. Someone went as far as giving me a shout out, which was exciting to see. However, we did get a concerning review. This person came into our library and took photos of our bathrooms. Mind you, our bathrooms are clean, but they are heavily outdated. It is important that we really make note of this. Our bathrooms are not user friendly. They are very dark, only have 3 stalls for adults and 2 for children. The sinks must be constantly pushed to get water out, and there isn't a place to put stuff down. I believe that we should urgently look into remodeling our bathrooms. It'll reinforce to our patrons that we

#### care about their health and concerns. Here is a screen grab of the review:

As always, if there is anything that you would like to know or have any questions, please feel free to email me or stop by for a nice chat!
